

CCS: It's time to join up the dots – linking CO2 projects

Thursday 24 May 2012, Energy Institute, London

The Energy Institute is holding a one-day seminar examining the predicted deployment of multi-user storage sites and their continued importance to UK and European carbon capture offering.

Why attend?

- receive updated information on the development potential for carbon capture and storage using a 'hubs' and 'clusters' approach.
• learn about new decarbonisation technologies from power stations, heavy industry, chemical plants and wider industry users.
• understand how CO2 emitted by all sectors can be safely disposed of via an interconnected network, which is of vital importance to everyone who needs to reduce their carbon output.

Who should attend?

Management personnel from power generation, manufacturing and chemical industries, as well as contractors and consultants seeking to develop an understanding of potential client needs in this area.

Discount rates available for students and academics – please ask the events team.

This event can count towards your professional development – for further information go to www.energyinst.org/education/

Programme

- 09.00 Registration
09.30 Welcome from the Chair Lord Oxburgh HonFEI
09.40 The case for CCS clusters Dr Stephen Brown, CO2Sense
10.10 A legal perspective in transporting CO2 Calum Hughes, Yellow Wood Energy
10.40 Calculating the cost of transporting CO2 James Watt, AMEC
11.10 Rotterdam CCS Network – Case Study Michael Tetteroo, Anthony Veder
11.40 Refreshments
12.00 CCS – a status review from an industrial perspective Mark Bryant, Director, Carbon Capture, Doosan Power Systems
12.30 Implications for the steel industry Bruce Adderley, Manager, Climate Change Breakthrough Technology, Tata Steel
13.00 UK storage capacity: Issues to be considered in effective resource management Michelle Bentham, Senior Geologist, British Geological Survey/Nottingham Centre for Carbon Capture and Storage
13.30 Lunch
14.30 Implications for power generators Jeremy Carey, SSE
15.00 Next generation capture technology – Gareth Everitt CEng, Principal Process Engineer, Costain Energy & Process
15.30 Managing Safety Hamish Holt, Principal Consultant, DNV KEMA
16.00 Finance and liability Dr Anthony White MBE FEI, BW Energy
16.30 Panel Session
16.50 Chair's closing remarks
17.00 End of conference

To book attendance at this event, please complete this booking form in BLOCK CAPITALS and return it to the address below, together with payment in full.

Vickie Naidu, Events Organiser, Energy Institute, 61 New Cavendish Street, London W1G 7AR, UK. t: + 44 (0)20 7467 7179, f: + 44 (0)20 7580 2230, e: vnaidu@energyinst.org
