Insight + Impact

# About the Corporate Governance Institute

We know that governance is a powerful force for good – that enables transformation, drives serious innovation and supports sustainable, inclusive progress.

Combining grounded expertise with practitioner-led experience, the Corporate Governance Institute is the trusted global leader in educating, certifying and preparing today and tomorrow's most effective leaders. Positioning switched-on individuals, businesses and boards to go beyond compliance. To think boldly, act wisely and lead where it matters most.

**Because good governance isn't just about risk. It's about readiness.**

# Master AI governance best practices

Artificial Intelligence (AI) is rapidly reshaping industries, creating ethical, strategic and risk management challenges for boards.

In this evolving landscape, board members and executives have a responsibility to understand the implications of AI and implement robust governance frameworks.

The Professional Certificate in AI Governance equips you with the skills and knowledge you need to lead AI governance strategy and expand your future career prospects.

Explore the challenges and opportunities presented by AI and understand how to execute responsible AI-driven initiatives that align with organisational values and goals.

Learn from expert practitioners, real-world case studies and interactive exercises, so you can navigate the complexities of AI governance with confidence.

Recommended by

# 93% of delegates

The course is designed and created by experienced global practitioners. It is industry-approved by the best thinking in corporate governance.

Chapter 01

Module 01 - Foundations of AI Governance

Lessons

- ≡ Key technologies including machine learning, neural networks and generative AI
- ≡ AI-driven opportunities, from operational efficiencies to data-backed insights
- ≡ Strategies to address AI risk management considerations, such as bias and data privacy

Chapter 02

Module 02 - Implementing AI Governance in Practice

Lessons

- ≡ Governance frameworks for ethical and compliant AI use
- ≡ Risk management processes to address technical vulnerabilities and regulatory requirements
- ≡ Strategies for implementation of AI technologies to enhance board performance
- ≡ Case studies and best practices to implement AI governance in practice

# The expert speakers on this course

Robert Farrell

Global spend on Digital Transformation will exceed \$3.3T in 2026 yet 70% of Digital Transformation projects fail to achieve their goals. Robert is on a mission to develop the next generation of digital leaders who can tackle digital transformation in an AI world.

Robert runs an MSc in Digital Transformation, he is a board member of the Compliance Institute, he writes insightful articles and delivers thought provoking lectures/webinars. Robert has trained audiences in North America, the middle east and Europe including Google, HubSpot, Citibank, GE, DocuSign, BT, Almarai and many more.

Bob Semple

Bob has more than 40 years' business experience working as an accountant, auditor and management consultant.

For 36 years, he worked in PricewaterhouseCoopers where, most recently, he was partner responsible for governance and risk management services. He now works as a director and as an independent consultant – specialising in governance, risk management and board effectiveness reviews. Bob is a science graduate, a Chartered Accountant, a Chartered Director and a Certified Psychometric Evaluator.

We're a friendly, helpful and welcoming team who are here to help you get the most out of your course.

# Testimonials

"I felt that I was stuck at my level, and unable to climb further. Since completing the Diploma in Corporate Governance I have been offered a CEO role."

**Brenda Pennell**

Managing Director

"An excellent programme that was enhanced by the depth of expertise possessed by tutors."

**David Irwin**

Audit & Risk Committee

"This has fast-tracked my career progression so much so that I now chair the boards of three of the five companies I serve on as a Non-Executive Director."

**Francis Kamulegeya**

Non Executive Director

"The course gave me the assurance that I am ready to develop my Directorship career."

**Wael Nabulsi**

Executive Director  
Internal Audit

"The course material was offered virtually while still providing engagement with real participants from all over the world."

**Lindsay Mackenzie**
