26th October
2017

17:30

This time we are taking our Energy Careers Panel to the University of Liverpool.

If you are thinking about a career in energy and want to know more about working in the energy sector head to the University of Liverpool on the 26th October.

Don't miss the chance to hear from speakers from backgrounds such as Petroleum Engineering, Energy and Water Efficiency Project Management, Energy Management and Energy Engineering.

Utilise the chance to network with current professionals while picking up some great tips.

Have some specific questions you want answering? If so, bring these with you on the day or email Jess at ypnnwnw@energyinst.org

For further directions click [here](#).
