

# Energy Careers Panel

## Young Professional Network

22<sup>nd</sup> March  
2017

17:30

Room 2.16  
Williamson Building  
University of Manchester  
Oxford Road  
Manchester  
M13 9PL

Are you thinking about a career in energy?

Do you want to know more about working in the energy sector?

If so, then join us for the first Young Professional Network (YPN) event in the North Western North Wales branch at the University of Manchester.

Don't miss the chance to hear from speakers from backgrounds such as Building Services Engineering, Environmental Consulting, Energy Management and Fuel Chemistry.

Utilise the chance to network with current professionals while picking up some great tips.

Have some specific questions you want answering? If so, bring these with you on the day or email Jess at [j.foster@dwsports.com](mailto:j.foster@dwsports.com)

For more information on this event or the YPN please contact:
