

Great news!

As you are an employee of a corporate member of the EI, you are one step closer to complimentary, career-enhancing Associate Membership with the Energy Institute (AMEI).

The Energy Institute (EI) is the chartered professional membership body for people who work across the world of energy. Whether you're looking to get professionally qualified, progress in the energy sector, or simply understand more about energy, the EI is here for you.

As your company is a corporate member of the EI, you can receive individual Associate Membership, without the usual fees. Scroll below to discover your potential benefits and how to activate your AMEI.

What are the benefits of joining?

Bolster your credentials

Demonstrate your commitment to energy and work towards valuable professional qualifications that will help you stand out, including Chartered status.

Get connected

Connect with others working or interested in energy through our member and young professional communities in geographies around the world, and free and discounted events and training.

Access support

Gain confidential support through El Assist and, if you're aiming to develop professionally, use El Connect to find a mentor and mycareerpath to record your progress.

Be in the know

Access extensive e-library resources, our weekly digital magazine New Energy World and discounted internationally renowned publications and guidance.

Contribute to your industry

Expand your experience and share your knowledge by taking part in research initiatives, joining specialist committees, speaking at conferences, and becoming a mentor.

Gain a wider perspective

Join 20,000 other members to learn about how energy is developing in your field and more broadly around the world. You'll discover new ideas and future opportunities.

Hear from some of our members

A circular portrait of Gino Antoine Leon, a man with dark skin and a beard, wearing a yellow hard hat and a blue shirt, working on a rooftop solar panel array with the ocean in the background.

Gino Antoine Leon AMEI

Wind Turbine Graduate Engineer, Public Utilities Corporation
— Mahé, Seychelles

"Being an Associate has greatly benefited my career. The skills and knowledge from their Level 1: Energy Management Training allowed me to optimise energy consumption in my role, their resources keep me updated on industry trends and their events and training facilitated networking opportunities."

A circular portrait of Shahda Al Taie, a woman with long brown hair, wearing a black blazer over a patterned top, standing in an office setting.

Shahda Al Taie AMEI

ESG Manager for the energy sector, KPMG — Dubai, UAE

"Being an Associate has given me great access to the wider EI network and has helped me support other young professionals along their career journeys in the energy sector. I am an active member of the board of the Middle East branch, and I chair the Young Professionals Network in the region."

A circular portrait of Mattias Gustafsson, a man with light skin and a beard, wearing a black jacket, standing in a laboratory or industrial setting.

Mattias Gustafsson AMEI

Laboratory Engineer, Preem Refinery — Gothenburg, Sweden

"I've received support from the EI over the past two years. The meetings about sustainable aviation fuels have been amazing and have given me so much valuable information. A new world opened up for me, and I became a member to fully take advantage of all the knowledge available from the EI, without which it would be very hard for me to find all the information I need."

You're almost a member.

You'll now be able to receive Associate Membership of the EI (AMEI), the only EI grade uniquely available through our EI Membership for Employees scheme. Get started below.

If you're already an AMEI, you will not have to pay for your next renewal. But you may still need to activate your complimentary membership, see details below.

If you are an Affiliate member, you're also eligible to become a complimentary AMEI, please email companies@energyinst.org and we'll transfer you over.

Membership arrangements and payments for professional grades are unchanged.

Here's how to get started

Are you an existing AMEI?

If you already use your company email address for your membership, you have automatically been moved to complimentary membership for employees and you don't need to take any action.

1. Click [here](#) to log in.
2. Enter your credentials
If you aren't sure of your details, click forgot password to reset your account details. Don't forget to check your spam.
3. Click 'My EI' in the top right-hand corner.
4. Click 'My details', and update your primary email – make sure to use your company email address.
5. Your account is now linked to your employer's corporate membership. When renewal comes around, you will not be charged.

Not an existing member?

If you already have an online EI account, jump straight to step 4. If you aren't sure of your details, click forgot password to reset your account details. Don't forget to check your spam.

1. Click [here](#) to create an account. Ensure you use your **company email address** to register and click 'Sign up' once completed.
2. You will receive an email from the EI asking you to verify your account. Don't forget to check your spam.
3. Once verified, your account will be linked to your employer's corporate membership.
4. Click [here](#) to begin the joining process, choose **Associate member** and click 'Join now'.
5. Complete your details, checking the price is showing as free.
6. Click 'Finish and join' to confirm. You are now an individual member through your company.

All done? Don't forget to

- Consent to receive emails and manage your preferences by logging in and letting us know your interests here. We'll tailor your emails, so you only get what interests you.
- Book selected events and training under the Member rate to guarantee your discount.
- Sign in to read New Energy World magazine each week in full, or to access good practice guidance on a complimentary or discounted basis.
- Add AMEI post-nominals after your name, tell your colleagues and share on your socials — tag us on LinkedIn or on X.

Want to learn more about membership of the EI? Click [here](#).
